

*Dr. Paul Cane*

**Non-small cell lung carcinoma**

Case 1	<a href="#">14535</a>	Ground glass shadow left lung
Case 2	<a href="#">15523</a>	Semisolid nodule right lung
Case 3	<a href="#">17092</a>	Incidental finding in resection for adenocarcinoma
Case 4	<a href="#">16087</a>	Mass in right lung
Case 5	<a href="#">13348</a>	Mass in left lung
Case 6	<a href="#">18780</a>	Mass right lung
Case 7	<a href="#">24719</a>	Mass left lung
Case 8	<a href="#">19605</a>	Mass right lung
Case 9	<a href="#">11011</a>	Widespread consolidation
Case 10	<a href="#">19375</a>	Lobectomy post chemoradiotherapy

**Neuroendocrine tumours**

Case 1	<a href="#">13901</a>	Mass left bronchus
Case 2	<a href="#">25405</a>	Mass right lung
Case 3	<a href="#">5413</a>	Mass left lung
Case 4	<a href="#">14046</a>	Hilar mass with SVCO
Case 5	<a href="#">11350</a>	Bilateral lung nodules

**Pleura**

Case 1	<a href="#">19865</a>	Pleura following chest trauma
Case 2	<a href="#">8732</a>	Thickened pleura ? malignant
Case 3	<a href="#">20253</a>	Chronic pleural effusion in patient with TB
Case 4	<a href="#">19712</a>	Haemorrhagic pleural effusion
Case 5	<a href="#">22226</a>	Rapidly progressing tumour left pleura
Case 6	<a href="#">1389</a>	Recurrent pleural effusions, pleural biopsy

**Lymphoid proliferations**

Case 1	<a href="#">7880</a>	mass right lung
Case 2	<a href="#">20844</a>	multiple masses middle lobe
Case 3	<a href="#">22808</a>	multiple nodules both lungs
Case 4	<a href="#">24299</a>	right pleural effusion
